Welcome Sutlers to beautiful Beaver Creek State Park. Our gracious sites are nestled amongst the shade of the towering pines and within site and steps of Beaver Creek, a designated wild and scenic river, and in close proximity of encampments. The battle takes place in our 1830s pioneer village situated along The Sandy & Beaver Canal. The perfect setting to set the mood of the Civil war and its history it represents. A Civil War Ball will take place Saturday evening.

Please like us on Facebook and visit our page Friends of Beaver Creek and also our special Beaver Creek Civil War reenactment page to view our beautiful photos.
